

Barn Quilt Painting Workshop with Suzi Parron

The workshop lasts about 4-5 hours

We will go through each step—pattern drawing, taping, and painting—with a goal of completing your project.

You will leave with a finished two-foot quilt block, ready to hang.

Note that we are using exterior paint---the quilt block will be weather ready!

Supplies provided:

~Pre-primed 2 by 2 foot board. The priming is a two-day job, which is already done for you

~Suggested patterns ready to transfer (you may bring your own, but keep it simple— and be ready to draw it onto the board)

~Exterior latex paint

~Foam brushes

~ Knives for cutting tape

Supply List:

- Painter's tape—Green (NOT YELLOW) “Frog” brand is BY FAR the best, but blue Scotch tape will do. Narrower tape (about 1 inch) is preferred
- Yardstick or 24 inch ruler
- Pencil
- Blow dryer
- Sack.Lunch

Note that we will be painting. It is not super messy, but there is some chance you will get paint on your clothing. Dress accordingly or bring an apron!
