

## BJ Designs supply list with Jackie Vujcich

In this class I'll guide you through the process of making any one of the cute applique animals from a BJ Designs pattern. Pattern will need to be purchased PRIOR to class as you'll need it for fabric/notion amounts.

**Require Pattern:** a BJ Design pattern

**Required fabric:**

See the back of the pattern you've chosen for colors/quantities

**Required notions:**

Lightweight Tear-Away Stabilizer or Pellon Easy Pattern-see pattern for quantity

Paper backed fusible web (such as Wonder Under or Lite Steam a Seam 2) -see pattern for quantity

Rotary cutter

Marking tool (pen)

General sewing supplies (especially scissors)

Sewing machine & cords

Thread to match (or highly contrast) with the applique fabrics

Optional: Open-toed applique foot

**Pre-class homework:** It suggested to wash fabric prior to class. This removes the sizing and enables the fusible web to adhere better.
