

Rockport Carryall Supply list

By Jackie Vujcich

In this 2-session class you will concur the channel-stitched-effect of the tote bag and add the special effects of handles and bows with extra tips beyond what the pattern offers. You have a choice of making either bag:

Large 18" side x 12" deep x 16" tall

Medium 13" wide x 9" deep x 11" tall

Required Pattern: Rockport Carryalls by Aunties Two Patterns

Fabric (please note that fabric quantities on the pattern are incorrect/missing so please use quantities given below):

Optional: while the pattern calls for one fabric (fabric A) for the sides (both inside and out), be creative-sew blocks, strips or scraps together to make your own unique fabric, large enough for the sides (large 35" X 56" or medium 24" x 42"). **Should** you choose to do this, the fabric **MUST** be pieced and ready to go by the first class!

	Large	Medium
Fabric A (must have 42" of usable width) -sides	1¾ yards	1 ¼ yards
Bottom, Handles	¾ yard	2/3 yard
Bow/Binding	¾ yard	2/3 yard

Notions:

Interfacing for sides- In R-Form Plus (58" wide) for either size tote

Oval bottoms: Craf-Tex Plus (Lg for large tote or Sm. For medium tote) OR

Pellon's 72F stiff double-sided fusible interfacing (¾ yd. for large tote or ½ yd. for medium tote)

Aunties Twos Happy Handles kit (#AT238) for either size tote

Machine, cords, ¼" foot (or must be able to produce a ¼" seam) and a walking foot is very helpful

Rotary Cutter and Quilt ruler 6" x 24

Your own iron (I'm asking you to bring this so that if you get fusible on the bottom, you won't mess up the store's iron)

Applique pressing sheet or parchment paper – **a MUST**

Scissors and pins

Optional: clover Wonder Clips very helpful

Thread for machine piecing (it will show on the outside of the tote, so make sure it coordinates with your fabric)

Thread for hand piecing -12 wt. cotton thread by Aurifil or Sulky (matching binding fabric color)

Milliner's size 7 hand-sewing needle

Marking tool (such as chalk that removes easily)

Pre-class homework: Cut the following fabric prior to class please (yes it really needs to be done before class).

Depending on which size tote you are making

1) from fabric A cut: large 35" X 56" or medium 24" x 42

2) from your bottom fabric cut- two rectangles large 14" x 20" or medium 11" x 16"

this will allow us time in class to do more productive steps
